Mordecai Selassie

Full-Stack Developer

Phone	0545880219	**Email**	mselassie2009@gmail.com
Location	Sunyani, Ghana	**Portfolio**	Available on request

PROFILE

Motivated and practical Full-Stack Developer with about one year of hands-on experience building web applications and learning through real projects. Comfortable working with HTML, CSS, JavaScript and Python, with a strong interest in creating simple, useful and user-friendly digital experiences. I enjoy solving problems, learning new technologies and turning ideas into working applications.

TECHNICAL SKILLS

- HTML — semantic page structure and accessible web layouts
- CSS — responsive layouts, styling and user-focused interfaces
- JavaScript — interactive web features and application logic
- Python — programming, problem solving and backend-oriented development
- Full-Stack Development — understanding of both frontend and backend workflows

EXPERIENCE

Full-Stack Developer / Developer — 1 Year Experience

Built and worked on personal development projects while strengthening practical software development skills. Worked across frontend and backend concepts, wrote and tested code, debugged problems, and improved projects through continuous learning. Used HTML, CSS, JavaScript and Python to turn ideas into functional web experiences.

- Developed and refined web pages with a focus on clean structure and usability.
- Used JavaScript to add interactivity and improve user experience.
- Used Python for programming tasks and backend-oriented development.
- Practised debugging, problem solving and maintaining readable code.
- Continued learning through projects and professional certifications.

EDUCATION

Senior High School (SHS) Graduate — General Science

Ghana

CERTIFICATIONS

Completed professional and technical certifications related to software development and technology. Certification details can be added individually when the certificate names, issuing organizations and dates are provided.

PROJECTS & PORTFOLIO

Personal portfolio and development projects demonstrating practical experience with frontend technologies, JavaScript and Python. Project titles, descriptions and live links can be added to highlight specific work.

STRENGTHS

- Problem solving and logical thinking

- Willingness to learn and improve
- Adaptability to new technologies
- Attention to practical, user-focused solutions
- Independent learning and project-based development
